Earth religion is a term used mostly in the context of neopaganism. [citation needed] Earth-centered religion or nature worship is a system of religion based on the veneration of natural phenomena. It covers any religion that worships the earth, nature, or fertility deity, such as the various forms of goddess worship or matriarchal religion. Some find a connection between earth-worship and the ...

More and more people are becoming aware of how horrifically animals are treated, particularly at factory farms, and so are making different purchases. What's less clear is how animal rights are also a feminist issue since they're, well, not humans. However, if we open our minds to consider animals, there's some strong reasons to support that position.
