Farm and Ranch Living Stories | The Western Producer

UK regulatory practice is highly regarded worldwide, and regulation of the private sector is generally seen as having improved over the past decade as a result of successive government initiatives ...

Regulatory Futures Review - GOV.UK

Futures studies, also called futurology, is the study of postulating possible, probable, and preferable futures and the worldviews and myths that underlie them. In general, it can be considered as a branch of the social sciences and parallel to the field of history. Futures studies (colloquially called "futures" by many of the field's practitioners) seeks to understand what is likely to ...

A digital divide is any uneven distribution in the access to, use of, or impact of information and communication technologies (ICT) between any number of distinct groups; these groups may be defined based on social, geographical, or geopolitical criteria, or otherwise. The divide within countries (such as the digital divide in the United States) may refer to inequalities between individuals ...

The Village Network is an experienced, multi-discipline behavioral health organization helping youth and families become resilient, healthy and have brighter futures.

The Village Network - Partnerships For Brighter Futures

The Digital Youth Network is, at its core, a design-based research project. The research team works with DYN mentors, students, families, and other practitioners to better understand the impact of DYN initiatives and learning environments on youth, educators, organizations, and communities, identifying critical practices and informing iterations of the DYN model.
