This module focuses on the importance of clean freshwater around the world. Using the children's book One Well: The Story of Water on Earth as an anchor text, this unit builds on the background knowledge students developed in second grade regarding cycles in nature, in order to help them

deepen their understanding of their overall dependence on earth's limited water supply.

Ninth grade, freshman year, or grade 9 is the ninth post-kindergarten year of school education in some school systems. Ninth grade is often the first school year of high school in the United States, or the last year of middle/junior high school. In some countries Grade 9 is the second year of high school. Students are usually 14-15 years old.
