

Philosophy Of Education Noddings

Philosophy Of Education Noddings

The philosophy of education examines the goals, forms, methods, and meaning of education. The term is used to describe both fundamental philosophical analysis of these themes and the description or analysis of particular pedagogical approaches. Considerations of how the profession relates to broader philosophical or sociocultural contexts may be included.

Philosophy of education - Wikipedia

Nel Noddings, the ethics of care and education, Nel Noddings is well known for her work around the ethics of caring, however, she has also added significantly to theory and practice more broadly in education.

Care Ethics. The moral theory known as “ the ethics of care” implies that there is moral significance in the fundamental elements of relationships and dependencies in human life. Normatively, care ethics seeks to maintain relationships by contextualizing and promoting the well-being of care-givers and care-receivers in a network of social relations.

Feminist Ethics is an attempt to revise, reformulate, or rethink traditional ethics to the extent it depreciates or devalues women's moral experience. Among others, feminist philosopher Alison Jaggar faults traditional ethics for letting women down in five related ways. First, it shows less concern for women's as opposed to men's issues and interests.
