Buy now: Fidget Spinner, \$26, Amazon "It started as a way of promoting peace, and then I went on to find something that was very calming," Hettinger, now in her 60s, told MONEY of the fidget spinners, which she first began imagining back in the 1980s.

### **Fidget Spinners: Who Invented The Wildly Popular Toy | Money**

Fidget spinners are the must-have toy of 2017, flying off the shelves of shops across the country — but the woman who invented them hasn't made a dime off their newfound popularity.. Catherine Hettinger has been watching from the sidelines as children and adults clamor to get their hands on the anxiety-reducing device she invented more than two decades ago, but had long stopped manufacturing.

The reason for this is straightforward. Search engines HATE duplicate content! Every search engine, from the mighty Google right down to the tiny little tiddlers make very great efforts to seek out and provide free traffic to sites with content that is UNIQUE. Whether you use 'bum marketing', build niche / 'made for adsense' sites, or use PLR articles to drive traffic to your sales sites, you ...

Fractional currency, also referred to as shinplasters, was introduced by the United States federal government following the outbreak of the Civil War. These fractional notes were in use between 21 August 1862 and 15 February 1876, and issued in 3, 5, 10, 15, 25, and 50 cent denominations across five issuing periods. The complete type set below is part of the National Numismatic Collection ...
