Movies can be an amazing source of insight and inspiration. They fill our hearts and heads with heroes, stories, songs, and scenes we can draw from. Maybe you think of the theme song to Rocky when you work out. Maybe you think of "waxing the car" or "painting the fence" while you master your craft. What's important is that you choose the stories, scenes or heroes that serve you.

So when I heard about Monica Richardson's documentary debut, *The 13th Step*, I dished out the \$16.50 to see what this former (and apparently now drinking) AA member of 35 years had to say. Based on the title, I assumed the film would be about the illusive 13 th step—a wink-wink-nudge-nudge term for when members of AA with multiple years of sobriety hit on newcomers.

How can creativity be measured or assessed? Jaime Casap: Creativity is one of those things that's hard to define, but you know it when you see it. It's a unique perspective or a unique way to solve a problem. I would look at what is produced at the end of a problem-solving process—as an individual or as a team—and rate the solution on a creativity scale.
