

Undead L A 1 By Devan Sagliani

Undead L A 1 By

The undead are beings in mythology, legend, or fiction that are deceased but behave as if they were alive. A common example of an undead being is a corpse reanimated by supernatural forces, by the application of either the deceased's own life force or that of another being (such as a demons).. The undead may be incorporeal like ghosts, or corporeal like vampires and zombies.

Undead - Wikipedia

Undead definition, no longer alive but animated by a supernatural force, as a vampire or zombie. See more.

Undead | Definition of Undead at Dictionary.com

Undead is a live album by Ten Years After, recorded at the small jazz club, Klooks Kleek, in London, May 1968, and released in August of that year. The show combined blues, boogie and jazz playing that merged more traditional rock and roll with 1950s-style jump blues. The album "amply illustrates" Alvin Lee's "eclectic" use of the pentatonic scale mixed with other modalities.

One of the squickiest things to come out of horror movies is the descending age bracket for The Undead. It used to be only adults could be/were made into undead, and while children were presumably killed off-screen during the Zombie Apocalypse, they weren't turned into the living dead. Well, now it seems these infants have found immortality of a decidedly unwholesome sort.

Undead Child - TV Tropes

*A creature with this special attack can crush an opponent, dealing bludgeoning damage, when it makes a successful grapple check (in addition to any other effects caused by a successful check, including additional damage). The amount of damage is given in the creature's entry and is

typically equal to the amount of damage caused by the creature's melee attack.
