Wii Backup Manager Build 78. Fixed: The database "convert to internal format" freezes at 0.56% with the latest GameTDB database. A simple typo caused the bug that really should've shown up before. Changed: Update link to WUupload has been removed from the app, replaced with a link to the WBM website. Added: New features for the export templates that allow creating a multiple column table.

Best Uses I carry a modified version with 10 inch barrel and detachable stock in my backpack on primitive campouts for taking fresh meat for the campsite. This works well only for clean headshots up to 20 yards. The gun does not produce enough energy for anything else. If you stay within its limitations it is a great little survival gun.
