### **How World War II Changed Everything We Think About Bombers and Fighters | The National Interest**

Although this bomber didn't play many roles in the war it has to be mentioned because of its significance in the world of bombers. The Ar-234 was the world's first jet-powered single seat bomber developed by the Germans, only to be introduced in 1943. The war was coming to an end,

but German R&D was still bearing fruit.
